

Caterpillar Painting

Kids will love creating this colourful caterpillar using sponge brushes!

Painting never seems to get old kids, but sometimes it's nice to break out of the routine and try alternative painting techniques and materials.

Sponge painting is a very versatile art activity that can be enjoyed by children of all ages.

You'll need...

- Micador early stART Stuff For Painting
- Micador early stART Painting Paper A3
- Micador early stART Low-mess Washable Paint Discs - Brights
- Micador Stay Anywhere Pen
- 5mm googly eyes

Let's start...

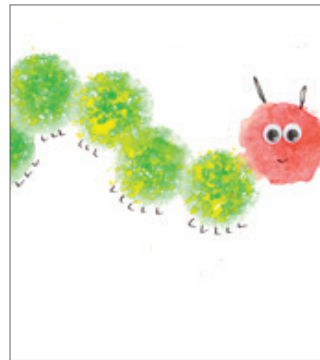

1. Lets Layer

Dip one of the sponge brushes in water and then use it to pick up some green paint from the paint discs. Stamp on the paper to create the body of the caterpillar.

2. Adding Effects

Using a different sponge brush, pick up some yellow paint and layer over the green. Do the same with red for the head.

3. Stop!

Parent step: Using a Micador Stay Anywhere Pen, add in the legs, antenna and mouth. Stick the googly eyes on.

4. Finishing Touches

Using the different sponge brushes and hog hair brushes, paint in the sun, sky and grass.
